# Introduction

## Your Exhibitor Manual

We hope that this Exhibitor Manual will provide you with all the information you need for the successful preparation of your stand at BioMedica. Please take time to read the following pages carefully as in addition to assisting your preparations there are a number of requirements that must be met.

We have done our best to ensure that the contents are as accurate as possible. If you find an error, please let us know immediately so that we can correct it for other exhibitors.

The Exhibitor Manual is not designed to replace the personal service provided by the Exhibition Office, or by any of the contractors listed. We are all here to assist your preparations with as much care and attention to detail as is necessary to provide you with the best possible service for your needs.

If you have any questions or need specific assistance, please contact Loraine Robinson or Kirsten Hill on 01892 779992. They will be pleased to help you. Also, if you experience any difficulty with any of the services listed in this Manual, please contact the Exhibition Office – we can then assist you with your arrangements.

# CCD Code of Practice

The Convention Centre Dublin Code of Practice:

- Smoking and “ad hoc” catering by individual contractors is not permitted anywhere within the Halls. There are dedicated smoking areas which need utilising. Vaping is not permitted anywhere onsite
- A catering area will be set up for the convenience of contractors. This area will be clearly marked.
- Sawing, painting, welding etc, will not be permitted without prior notification and adequate protection of the carpet at the contractors cost.
- No wet or dirty material will be permitted in the Halls.
- No contractors’ vehicles will be permitted into the Liffey except on floor protection.
- Contractors are responsible for taking all precautions required under the Health & Safety Regulations e.g. barriers around stands with men working overhead.
- PPE is required by stand contractors during the build and breakdown of stands this includes hi-vis jackets, hard hats and safety footwear.

*Please ensure that you read and comply with the CCD Rules and Regulations* <https://www.theccd.ie/rules-and-regs-complete>

## Accommodation

The venue has a ‘hotel finder’ page on their website, showing hotels in the local area. Please use the link below to use this function:

<https://www.theccd.ie/visiting/hotels>

## Badge Scanners

There will be computerised registration at BioMedica Ireland. All visitors will receive a printed badge that will contain a bar coded registration number unique to each person. The barcode can be recorded using a badge scanner.

To order your scanner, please complete the form which is located towards the back of the manual.

# Build Up

## **Access to the loading bay**

The BioMedica Exhibition is being held in the Liffey, which is on the ground floor of The CCD. Those with large deliveries (non Hand Carry) will have access to the Hall via one of the Loading Bay doors located at the rear of the venue. Access to the loading bay is strictly controlled, with Exhibitors and Contractors being issued a time for their delivery.

Exhibitors and Contractors MUST contact the Organisers by 7 March 2022 latest, to book a delivery slot, and must adhere to the allocated delivery time. These delivery times will be managed by the venue's security through the use of vehicle passes.

Access to the loading bays are restricted by vehicle pass and each vehicle will be logged on entry. Details recorded will include company name, stand number and contact details – in case it is necessary to request that a vehicle is moved. **All vehicles must be removed from the loading bays after loading/unloading.**

All personnel onsite during build up and breakdown must adhere to the health & safety regulations. You are required to wear appropriate PPE (Personal Protective Equipment), that is, hi-vis waistcoat or jacket, safety footwear and hard hats (where applicable) whilst in the exhibition hall. Please be aware that the wearing of hi-vis and safety footwear is a mandatory requirement, whilst wearing of hard hats will only be required in defined hard hat areas. Exhibitors and contractors should bring their own Hi-Vis waistcoat or jacket.

In order to allow access to all parts of the exhibition hall, exhibitors are responsible for keeping aisles free from empty crates or boxes at all times during build-up.

## **Storage of Boxes**

Due to fire risk, there is no storage available at the CCD. All boxes, crates and flight cases must be stored off-site. Please make arrangements to store these off Site or with our freight forwarder 'Interflow Logistics.'

If you have arranged storage with Interflow Logistics, empty crates will be taken for storing as soon as they are ready. Please make all necessary arrangements with Interflow Logistics prior to the build-up of the exhibition.

For more information and assistance with storage or for a quotation contact:

### **Interflow Logistics**

**Contact:** Anderson Marisa

**Tel:** +353 (0) 872388185

**Email:** [anderson.marisa@interflow.ie](mailto:anderson.marisa@interflow.ie)

Space Only contractors will have access to the hall from 10:00am on 27<sup>th</sup> March 2022. Should an Exhibitor or Contractor require an extension to the build-up time, they will be liable for any and all costs incurred.

# Breakdown – All Areas

Exhibitor soft breakdown will commence once the Exhibition Hall has closed and all remaining delegates have left the exhibition area 29 March 2022. (16:00 approx.) Soft breakdown will remain in place until 16:30 - until this time exhibitors may remove their stand equipment and materials and PPE is not required to be worn. Please ensure courier collections are made during this timescale. (All hand carry material to leave via the front door, not the loading bay).

Once full breakdown has been announced (16:30 approx) any remaining exhibitors on site will be required to wear hi-vis waistcoat/tabard, safety footwear and hard hats (where applicable). Please be aware that the wearing of hi-vis and safety footwear is a mandatory requirement, whilst the wearing of hard hats will only be required in defined hard hat areas. Exhibitors should bring their own Hi-Vis waistcoat /tabard as they cannot be purchased on site or from the organisers.

Please note that the space only and shell scheme contractor/s will commence dismantling from 16:30 approx. It is therefore important that exhibitors remove their display materials from their stand as soon as possible after the close of BioMedica. Any items left unattended after the close of tenancy (22:00) will be removed by the CCD and scrapped. The costs will be charged to the exhibitor.

All exhibitors are advised that small, portable and valuable items are most at risk after the exhibition closes each day, as well as during build-up and breakdown. Please do not leave valuable exhibit material unattended on your stand at any time during the exhibition and keep such items locked away each day before leaving the halls.

All contractors will be able to commence the breaking down of stands and the delivery of large storage boxes or equipment from 16:45.

If you have arranged storage with Interflow Logistics, empty crates will be returned for packing as soon as possible after the close of the exhibition. Please make all necessary arrangements with Interflow Logistics prior to the close of the exhibition to have your exhibits removed after they are packed.

All exhibit material must be clear of the exhibition halls by 22.00 on 29 March. Anything left after the end of the breakdown period may be removed and scrapped. The costs will be charged to the exhibitor.

Access to the loading bay are restricted by vehicle pass and each vehicle will be logged on entry. Details recorded will include company name, stand number and contact details – in case it is necessary to request that a vehicle is moved. **All vehicles must be removed from the loading bays after loading/unloading.**

Exhibitors and Contractors MUST contact the Organisers by 7 March 2022 latest, to book a delivery slot, and must adhere to the allocated delivery time.

CCD stewards will control access to the loading bays and will ensure that only permitted exhibitors gain access at the allotted times. The parking of vehicles in the loading bays will not be permitted at any time. **All vehicles must be removed from the loading bays after loading/unloading.**

# Car Parking

There is public car par located below the CCD giving a total of 320 spaces. The car park is managed by Euro Car Parks. Discounted parking rates are available if booked in advanced. Both cash and credit card payments are accepted.

Charges are summarised below:

Per hour: €4.00

Per Day: €30.00

Evening Rate: €16.00 (valid from 6pm until midnight)

Overnight Rate: €18.00 (valid 6pm to 9am)

## Contact details in case of an emergency:

Phone: +353 (0) 86 4100234 (before 16:00), +353 (0) 1 8908320 (after 16:00)

Email: [ccd@eurocarparks.ie](mailto:ccd@eurocarparks.ie)

Web: [www.ccdparking.ie](http://www.ccdparking.ie)

## Lost or damaged tickets:

Press the help button on the automatic pay station machine located in each car park lobby and the operator will provide assistance.

# Carpet

The exhibition hall is fully carpeted throughout. The standard carpet is green and burgundy.

# Cloakroom

The cloakroom is in the reception and is open for the duration of BioMedica. The cloakroom will be free to use.

# BioMedica Show Catalogue

The Handbook will contain all the information about BioMedica that any delegate or visitor will need including details of the lectures, exhibition area, exhibitor displays, and other services available to them at the CCD.

## A copy of the Handbook will be given to all delegates and exhibition visitors on arrival at BioMedica.

The exhibition catalogue will be published within the Converse magazine. This will ensure that details about the exhibition and exhibitor displays will be prominently featured throughout the magazine and that all delegates can plan their visit to the exhibition during their stay. Exhibitors can submit their catalogue entry including a 100 word description of the products on display.

## **Handbook Entry Deadline: 27 January**

# BioMedica Show Catalogue Advertising

The BioMedica show catalogue will be produced by Converse Magazine. A copy will be given to each delegate and exhibition visitor on arrival at BioMedica, many use it to plan their activities over the 2-day period.

The show catalogue is also a valuable document used for reference after BioMedica. Advertising within the show catalogue therefore, is an ideal opportunity for exhibitors to project themselves and their products to clients during and after the BioMedica.

## Contractors Desks

From Sunday 26 March Total Expo will have a service desk in the exhibition hall. Total Expo are there to assist exhibitors and to help to ensure that your exhibition build-up is as smooth and trouble free as possible.

To ensure that you will receive the precise equipment of your choice for the exhibition you should consider your requirements before you arrive at the CCD and place your order in advance. Total Expo cannot always guarantee that they can meet every late order at the exhibition and any items ordered on site at the CCD are very likely to be subject to a surcharge.

**It may not be possible to provide any additional assistance, services or equipment ordered after 16:00 on Sunday 26 March.**

## Deadlines

Please note that there is a deadline for each service provided by Total Expo working at BioMedica. These deadlines are essential for Total Expo, detailing exhibitor requirements in advance so that arrangements can be made to ensure supply of the assistance, equipment or services required.

In certain instances (such as the show catalogue), it is not possible to provide an entry if the publication deadline is missed. Catalogue entries will be compiled from the information supplied by exhibitors. If it is not supplied, there can be no entry. In other instances, it may not be possible to provide services or equipment ordered after the deadline date. All exhibitors are requested therefore to meet the specified deadlines and no liability can be accepted if deadlines are missed.

## Delivery and Collections on Site

There will be a strict loading schedule in place to ensure that all goods will be delivered to or from the stand within a fixed time frame. Exhibitors and stand builders should apply to Interflow for unloading slots prior to the event.

### Forklifting Service

This Must Be Pre-Booked – **Deadline 14 March 2023**

To speed up the unloading and reloading process, all vehicles over 3.5 ton such as 7.5 ton, 18 ton and 13.6m vehicles will have to be handled by Interflow Logistics and the official Biomedica 2023 handling tariff will apply. CCD does not provide trolleys, pump trucks or forklifts. Pre-book your forklift here <https://www.interflow.ie/freight-order-form/>.

### Deliveries & Collections

Must Be Pre-Booked – **Deadline 14 March 2023**

You must book unloading slots for any vehicles arriving at the venue. This is mandatory even if you are not using Interflow's forklift services.

Time slots will be allocated on a first-come, first-served basis, linked to stand size and location and method of unloading. Exhibitors using Interflow's door to door, via warehouse or air/sea service **do not** need to request a time slot.

### Shipping and Forwarding

Before shipping any items to your stand please make sure you get in touch with the official handling company, Interflow Logistics, Ltd.

The venue does not accept deliveries in advance. In order to avoid waiting time and problems accessing the site, Interflow will be operating an advance warehouse facility. All goods can be consolidated at this point and transferred to the stand. As the official agent, Interflow will have priority access during the build-up and break down periods to the halls. This will ensure timely delivery to your stand.

We strongly recommend that you make use of the advance warehouse facility. You can place your order here <https://www.interflow.ie/freight-order-form/>

### Storage of empty crates

Storage is not available at the venue. The storage of boxes or any kind of materials in the alleys or on the stand is strictly forbidden. Combustible packaging, wood, wool, plastic foam and straw must not be stored in the exhibition halls or other facilities open to visitors. Storage offsite can be coordinated through Interflow. <https://www.interflow.ie/freight-order-form/>

### Returning of empty crates

For public safety and security of exhibits, the first two hours of dismantling will be dedicated to the return of the priority empty crates, flight cases and tools by Interflow Logistics. During this period no other service provider, cargo, crates or equipment will be allowed to access the lifts. If you need empty case storage, please contact Interflow. An economy and priority empty case storage service is available. Priority empties are returned within 2 hours. Economy empties returned after the priority empty cases.

## Electrical Services

The following company has been appointed as the official electrical services contractor and co-ordinator for the exhibition during BioMedica.

In order to comply with safety and venue regulations, all work on stands must be ordered through the official electrical contractor. Details of what you require must be forwarded to Total Expo as early as possible.

All space only stands not being built by Total Expo must submit their RAMS, insurance, stand plans and electrical requirements to [jennifer@totalexpo.ie](mailto:jennifer@totalexpo.ie) no later than 27th February 2023.

These will be reviewed by Total Expo to confirm electrical requirements and will then be submitted by Total Expo to the CCD Technical team for review.

A notice of no objection will be issued by the CCD if all is in order.

## **Electrical Services Deadline: 20 March**

# Exhibition Aisles

The aisles in the exhibition are the minimum permissible in law. It is not possible therefore to place exhibits, stand dressing, tables, chairs or any other item relating to exhibits in the exhibition aisles. Please keep all your exhibits inside your stand area, as it will be necessary to remove any item placed in the aisles.

No exhibit will be permitted to overhang the aisles. Please ensure all exhibits remain within the boundaries of your stand.

It may be possible to store items onsite, however this is not guaranteed. Please contact the Organisers Office to see if this is possible.

## Organisers Office

# Health and Safety Documentation

## IMPORTANT SPACE ONLY CONTRACTOR INFORMATION

Exhibitors of Space Only Stands are required to complete and return the following documents by 25 February 2022: to [kirstenhill@stepex.com](mailto:kirstenhill@stepex.com)

- A completed and signed Exhibitor Risk Assessment/health and safety declaration form
- Exhibitor Site Induction (to be completed by all exhibitors)

## IMPORTANT SPACE ONLY CONTRACTOR INFORMATION

All Contractors are informed that CDM Regulations (2015) are now in force in the UK and as such site safety principles including but not restricted to site rules, site induction and the mandatory wearing of hi-visibility tabards, safety footwear and hard hats (where appropriate) during the build and dismantle processes will be rigidly enforced by Venue and Organiser Staff.

Arriving on site without the aforementioned PPE may be costly as contractors will not be allowed into the Hall.

This Policy is extended to exhibitors required to enter the Hall during construction/dismantle phases.

**Please note that the event organiser will not carry any PPE stock so please ensure your staff/contractors are aware of this mandatory policy.**

**ALL SPACE ONLY** stand contractors are required to submit the following information by 27 February to Kirsten Hill on [kirstenhill@stepex.com](mailto:kirstenhill@stepex.com) and Jennifer Walsh on [jennifer@totalexpo.ie](mailto:jennifer@totalexpo.ie)

- Proof of PLI (Public Liability Insurance which must be in date for the duration of tenancy)
- A visual of the finished stand design (including dimensions)
- Completed Construction Phase (CPP)
- A suitable and sufficient Risk Assessment and Method Statement relating to the build and dismantle phases

[Example of Risk Assessment and Method Statement can be downloaded here](#)

### Complex Stands

Any structure exceeding 4 metres in height will require the involvement of a Structural Engineer in addition to receiving special permission from the CCD. All stand fittings exceeding 4 metres in height must be set back 1 metre from the open perimeter of the stand site.

### Structural Engineering Approval for Complex Stands

For approval of a single level complex stand (ie over 4 metres or under 4 metres with structural calculations) a structural engineer will be required to approve the build pre-tenancy and onsite. The cost of this will be determined upon application. Should you require Structural Engineering Approval you should contact

## **Health and Safety Documents Deadline: 24 February**

# Insurance

Whilst every precaution is taken to protect your property during the BioMedica, responsibility cannot be accepted for any loss or damage that befalls the personnel or property of any exhibitor howsoever caused. Exhibitors are reminded of their responsibility to carry adequate insurance both before and during the event. You are also responsible for insuring against any legal liability incurred in respect of injury or damage to property belonging to third parties. In addition to this you should protect your outlay against Abandonment and Cancellation or Curtailment of BioMedica due to reasons beyond the control of Academy or Clinical Science and Laboratory Medicine.

# Lost Property

All lost property will be handed into The CCD Security Control. There is a member of security located on the Ground Floor Foyer who can assist you if you have a query regarding lost property.

# Medical Assistance

Please note that in the event of you requiring medical assistance, you should contact a CCD Hosts or an organiser. The Hosts will then arrange for First Aiders to attend and/or request a paramedic. Hosts and organisers should also be advised of all accidents on site to ensure they are properly recorded.

# Photography

**There will be an onsite photographer.**

# Rigging

All primary rigging must be done by the CCD. All rigging must be approved in advance, and it will be costed at this point.

For further information regarding rigging please contact the BioMedica Team on:

**Contact:** Kirsten Hill

**Telephone:** +44 (0) 1892 779992

**Email:** [kirstenhill@stepex.com](mailto:kirstenhill@stepex.com)

# Security

Whilst every reasonable precaution is taken to ensure the safety and security of personnel and equipment with the premises being patrolled day and night. Responsibility cannot be accepted for any injury, loss or damage or any consequential loss whatsoever which may befall your personnel and their property.

**We recommend that valuables, particularly of a portable nature, are not left unattended on your stand. This is especially relevant during build-up and breakdown.**

Please ensure that any incident involving the loss of property is reported to the Registration Desk or the Organiser's Office. Failure to do so could result in insurance companies refusing to meet claims.

If you require any advice on the subject of security please contact the Exhibition Office.

# Solvents and Gases

Details of any hazardous substances being brought to The CCD are required to be submitted to Exhibition Organiser at least 35 days prior to the event (25 February - deadline). These details should include the name of the substance, location of where the substance will be used during the event (for example, stand number), quantity of substance and any specific disposal requirements.

Exhibitors must submit a "chemical risk assessment" for each hazardous substance, to include all control measures, precautions and emergency procedures needed.

MSDS sheet must be supplied with, any substance brought on site. This includes for example any cleaning product.

All materials being brought onsite must be accompanied by a fire certificate. This must be provided with the risk assessment and method statement.

[Example can be downloaded here](#)

Please submit "Chemical Risk Assessment"

To: Kirsten Hill: [kirstenhill@stepex.com](mailto:kirstenhill@stepex.com)

For Full Details of the CCD Rules and Regulations visit <https://www.theccd.ie/rules-and-regs-complete>

## Space Only Sites

A space only site is a carpeted area marked out to the correct dimensions. These dimensions must not be exceeded. No stand fitting is provided for space only sites.

Exhibitors are responsible for their own stand design and construction. It is possible to offer advice and guidance on the preparation of your display at the exhibition. The exhibition contractors Total Expo are able to provide a fully comprehensive stand design and construction service if required.

If you are considering erecting a modular stand on your space only site, please note that you are responsible for constructing and decorating the side and back walls facing onto your site.

All other space only stands must build to a **minimum** height of **2.5 metres**.

Any structure exceeding 4 metres in height will require the involvement of a Structural Engineer in addition to receiving special permission from the CCD. All stand fittings exceeding 4 metres in height must be set back 1 metre from the open perimeter of the stand site.

Other than where adjoining walls are to be 4m in height, all walls above 2.5 metres must be clad and decorated on both sides from 2.5 metres upwards by the exhibitor. Such walls overlooking adjoining stands must also be finished to a high standard in plain colours only. Company logos or other corporate messages facing away from the exhibit will not be permitted should they directly overlook adjacent exhibitors.

It will not be permissible to build any structure on more than 50% of an open peripheral side of your stand area.

### IMPORTANT SPACE ONLY CONTRACTOR INFORMATION

Arriving on site without the aforementioned PPE may be costly as contractors will not be allowed into the Hall.

This Policy is extended to exhibitors required to enter the Hall during construction/dismantle phases.

**Please note that the event organiser will not carry any PPE stock so please ensure your staff/contractors are aware of this mandatory policy.**

**ALL SPACE ONLY** stand contractors are required to submit the following information by 27 February to Kirsten Hill on [kirstenhill@stepex.com](mailto:kirstenhill@stepex.com) and Jennifer Walsh at Total Expo on [jennifer@totalexpo.ie](mailto:jennifer@totalexpo.ie).

- Proof of PLI (Public Liability Insurance which must be in date for the duration of tenancy)
- A visual of the finished stand design (including dimensions)
- Completed Construction Phase (CPP)
- A suitable and sufficient Risk Assessment and Method Statement relating to the build and dismantle phases

[Example of Risk Assessment and Method Statement can be downloaded here](#)

**Complex Stands**

Any structure exceeding 4 metres in height will require the involvement of a Structural Engineer in addition to receiving special permission from the CCD. All stand fittings exceeding 4 metres in height must be set back 1 metre from the open perimeter of the stand site.

**Structural Engineering Approval for Complex Stands**

For approval of a single level complex stand (ie over 4 metres or under 4 metres with structural calculations) a structural engineer will be required to approve the build pre-tenancy and onsite. The cost of this will be determined upon application. Should you require Structural Engineering Approval you should contact Kirsten Hill on [kirstenhill@stepex.com](mailto:kirstenhill@stepex.com).

You are advised that delegates and visitors to the exhibition during BioMedica will find it easier to locate your stand if you display your stand number on every open side of your stand.

**Documents Deadline: 24 February**

# Space Only Services

The exhibition contractors **Total Expo** are able to provide a fully comprehensive stand design and construction service if required.

# Stand Catering – Food, Drink & Equipment

CCD Catering have the sole rights to all food and beverage consumed at the CCD and all food and beverages, and associated catering equipment, must therefore be ordered through them. No person shall distribute or give away any item of food, drink not supplied by the Company without express written consent.

If you require additional catering on your stand you can order online. Orders with full payment should reach CCD no later than one-week before the start of the event.

Should any company attempt to provide their own food, beverages or catering equipment onto the site, they will be asked to remove it or pay a “corkage/usage” fee for it.

To place an order online, visit the following page:

- Select your event
- Register a new account or sign in.
- Follow the steps to place your order.

If you have any issues, please contact [online.orders@theccd.ie](mailto:online.orders@theccd.ie)

**Stand Catering Deadline: 20 March**

# Stand Fitting Regulations

## Space Only Sites

1. Contractors appointed must be registered with/approved by the Organisers and the CCD.
2. Full dimensional, 1:200 technical drawings showing the proposed construction methods and materials, positions and dimensions of exhibits and a risk assessment must be submitted, in duplicate and with an artist's impression, to the exhibition office by 25 February. Original drawings are required - facsimile transmitted copies are not acceptable. No stand may be constructed until these plans/drawings have been approved, signed and returned by the Organisers.
3. Contractors must ensure that they can provide, on-site, the appropriate certificate/s confirming that all the materials used in the construction of their stand have been adequately treated for fire retardancy.
4. No part of any structure or exhibit may extend beyond the boundaries of the site allocated. This includes the exhibitor's name, logo or light fittings.
5. No fitting, display or self-adhesive stickers/signs may be attached to or suspended from the ceiling or any part of the exhibition hall, nor may holes be nailed, screwed, drilled or punched into the walls or floor. If this is ignored, the exhibitor/contractor concerned will be charged for the damage caused.
6. Displays must be self-supporting.
7. Exhibitors wishing to construct a false ceiling on their stand must submit duplicate drawings to the Organisers for approval by the Fire & Safety Authority. Ceilings can only be constructed of a large mesh or egg box material that will permit the passage of water in the event of a fire.
8. In the case of an island site, a long stretch of full height wall of 2.5 metres height will not be allowed on the perimeter of the stand.
9. No flashing/winking lights or neon signs will be permitted, unless it forms an integral part of an exhibitor's product. Sequence-lit displays may be used subject to the Organisers' approval and the rate of light change.
10. For safety and insurance reasons, only the official electrical contractor can carry out electrical wiring and connections.
11. No services such as electricity cables, water/compressed air pipes, telephone lines inside or near to the stand may be removed, cut or diverted without the permission of the Organisers/Hall Manager of the event.
12. All contractors are expected to clean the stands and remove all construction debris before the official cleaning contractor takes responsibility of the hall.
13. Storage of stand materials and/or exhibits is not permitted behind the perimeter of the stands. This is a Fire & Safety Regulation and will be strictly enforced.
14. Welding and heavy sawing is not permitted inside the hall.
15. Exhibitors constructing/decorating their stands are required to sign an undertaking, guaranteeing responsibility for any damage which may be caused by any of their employees, including appointed sub-contractors, to exhibits and/or property of other exhibitors, Organisers, Hall Manager, Landlord and Contractors of any other person(s).
16. The exhibition areas at the CCD are carpeted. It is not possible to replace the CCD carpet. Exhibitors can use a carpet of their own providing a floor flat or plinth is first installed on the hall carpet. All space only site areas must be covered with carpet or other suitable material.
17. The Organiser reserves the right to request that an exhibitor should change, modify, lower or shorten any back or side wall proposed in the space only design if, in the opinion of the Organiser, such back or side wall will obstruct the reasonable exposure of any adjacent exhibition stand.
18. All stands must be constructed with back and side-walls other than island sites, which do not require any wall. In the case of a one-corner stand, a back and side-wall must be constructed. A two-corner stand only requires one back wall.
19. Exhibitors are responsible for providing their own walls. Where stands are adjacent, an exhibitor may not use the reverse of the neighbouring wall.
20. Where a structure such as a wall or sign, exceeds the height of the neighbouring stand, the exhibitor with the higher wall must decorate the visible portion to a standard acceptable to the Organiser. In addition, the external side of any wall that faces another exhibitor or public area must also be finished to a quality acceptable to the Organiser/Hall Manager.
21. Stand signs and towers must not exceed 4 metres in height. It is possible to exceed this height but only with written permission from the exhibition office. Full dimensional plans must be submitted for approval no later than 03 August.
22. The name and stand number of each exhibitor must be prominently displayed. If this requirement is not observed, the Organiser reserves the right to affix stand numbers as considered fit and to charge the cost incurred to the exhibitor.
23. A space only stand cannot display fascia boards over an adjacent exhibitor's back and/or sidewall, but may display it on any aisle facing their location.

# Stand Space

It is your responsibility to examine, or cause to be examined, the site and location allotted to you in order to avoid costly adjustments to stand structures. It is possible that errors can be made in marking out the exhibition areas or that obstructions may be present that cannot always be indicated on the plans of the exhibition.

Exhibitors or their contractors are also required to ensure that any construction work conducted is done within the areas marked out before arrival. Please report any anomalies or concerns to the Organisers as soon as possible and before any constructional work is carried out as this may avoid possible costly amendments.

Any costs relating to modifications that need to be undertaken as a result of any such markout errors or obstructions will be at the exhibitors' expense.

In the instance of any discrepancy in the site allotted, exhibitors are required to notify the Organisers immediately before the opening of the exhibition. **The Organisers will not accept liability for discrepancies in the instance of failure to notify such discrepancies before the opening of the exhibition.**

# Storage

## Storage of Boxes

There is no onsite storage facilities for boxes or crates. Exhibitors or Contractors must make arrangements to store these off Site or with our Freight forwarder 'Interflow Logistics.'

If you have arranged storage with Interflow Logistics, empty crates will be taken for storing as soon as they are ready. Please make all necessary arrangements with Interflow Logistics prior to the build-up of the exhibition.

For more information and assistance with storage or for a quotation contact:

# WIFI

The CCD offers a state-of-the-art Wi-Fi service throughout the building with a range of package options for our clients to choose from.

- Complimentary guest Wi-Fi service which is ideal for delegates checking emails and light browsing of the internet. (This service is not recommended for heavy usage, downloads, VPN or exhibitors, due to the amount of traffic and number of devices connecting at the one time).
- Upgraded Wi-Fi package has the latest connectivity standard of 802.11ac.

CCD Event IT can create a reliable Wi-Fi solution to meet your needs which will be fully supported and more specific to your event. This includes custom SSIDs, passwords and landing pages, which clients often use as sponsorship opportunities.

If you require a faster, more reliable Wi-Fi service, CCD Event IT can work with you to provide this upgrade at an additional cost.

To place an order online, visit the following page:

- Select your event

- Register a new account or sign in.
- Follow the steps to place your order.

If you have any issues, please contact [online.orders@theccd.ie](mailto:online.orders@theccd.ie)

## **IT Deadline: 13 March**

# Vehicle Passes

Access to the loading bays at the CCD will be strictly controlled. All exhibitors and their contractors are requested not to park their vehicles in this area, but to remove them immediately the loading/unloading of the vehicle is completed. No vehicle will be permitted access to the loading bay without stating their stand number. Access to the loading bay will be controlled with a vehicle pass.

An email will be sent at a later date confirming procedures for build-up, breakdown and vehicle movement procedures. If you do not receive this email then please contact Kirsten Hill on [kirstenhill@stepex.com](mailto:kirstenhill@stepex.com)

# Venue Regulations

The detailed CCD Rules and Regulations must be read through before arriving onsite. They form part of the exhibition contract and must be adhered to at all times. Please note that these regulations are binding on all exhibitors and their contractors. For Full Details of the CCD Rules and Regulations visit <https://www.theccd.ie/rules-and-regs-complete>

# Water and Waste Services

If you require water or waste services at your stand, please contact the organiser on [kirstenhill@stepex.com](mailto:kirstenhill@stepex.com)

**2. BREXIT – CUSTOMS & SIMPLIFIED PROCEDURES FOR TEMPORARY ADMISSION**

All goods received from or shipped to GB will, since 01 January 2021, require Customs declarations at both ends of transportation. The preparation and presentation of customs declarations for trade show purposes is mandatory.

Temporary Admission provides for goods to be brought into EU (Ireland), temporarily, with total or partial relief from import duty. Typical examples of such practice are where articles/goods may be used for purposes such as exhibiting at a trade fair, samples, live events etc. Where there is a VAT liability this must be paid on deposit. **THE TA/TEMPORARY ADMISSION IS SUBJECT TO SPECIFIC CONDITIONS. PLEASE DO NOT SEND ANY SHIPMENTS WITHOUT CHECKING YOUR CUSTOMS ENTRY REQUIREMENTS IN ADVANCE.**

**3. DOCUMENTS:**

- ✓ 1 copy of Commercial Invoice & Packing List
- ✓ 1 copy of Original Bill of Lading / AWB
- ✓ 1 copy of Insurance Policy (if insured)
- ✓ 1 copy of container / consolidation manifest

**4. DIRECT DELIVERIES TO CCD:**

The venue does not accept deliveries in advance. In order to avoid waiting time and problems accessing the site, Interflow will be operating an advance warehouse facility. All goods can be consolidated at this point and transferred to the stand. As the official agent, we will have priority access during the build-up and break down periods to the halls. This will ensure timely delivery to your stand. We strongly recommend that you make use of the advance warehouse facility.

**5. CONSIGNING OF SHIPMENTS**

All shipments arriving at our advance depot must be sent with a pre-advice to the above contact details. Advance warehouse delivery address:

## 6. CUSTOMS CLEARANCE

**Please pay attention to the following points to accurately complete your invoice as per Customs requirements:**

- ◆ Customs codes – Please make sure that your invoice have HTC codes to identify the exact merchandise you are sending
- ◆ Descriptions – Please use clear and detailed product descriptions to allow us to make a proper Customs entry
- ◆ Serial numbers – Please indicate the serial numbers and model of your goods, if serial numbers are not available, please include a picture of the items
- ◆ Quantity – Please list the quantity of each item
- ◆ Weight – Please list the weight and the content of each package
- ◆ Values – Use values that represent fair market value to avoid a possible value adjustment by the Customs. Each invoice will have to show the following sentence “The value shown is true, real and is according to the market value”.
- ◆ Origin of the goods – Please indicate the proper Country of origin of the goods you are sending
- ◆ CIF terms – Please indicate in your invoice that the goods are CIF or C&F, otherwise Customs, in order to determine the value of your goods, may add the transport charges to the declared value
- ◆ Goods to be returned after the fair – Please add the following declaration: “Invoiced goods are for display purposes only during the exhibition and will be re-exported at the end of the show”
- ◆ Literature and give-aways – Such items must be listed on a separate invoice with individual values indicated and must be separately packed. Generally, such items are subject to import duties

INTERFLOW cannot make Customs entry on shipments where invoices indicate general descriptions such as “Exhibition goods” or “Stand-fitting materials” or “give-aways”. Nor can INTERFLOW make entry on invoices that indicate lump sum value only. In these instances, entry will be delayed until detailed invoices are received from the shipper.

Please send your pre-alert message with a copy of all documents, before despatching the goods, to [anderson.marisa@interflow.ie](mailto:anderson.marisa@interflow.ie) or [niall@interflow.ie](mailto:niall@interflow.ie)

## 6. INSURANCE

Handling is undertaken entirely at the owner's risk. While INTERFLOW will do their utmost to ensure the safety of your goods we highly recommend that all exhibitors issue an "All Risk" insurance policy.

It is the responsibility of the exhibitor to ensure that they have adequate insurance for their goods whilst in transit to and from the exhibition, whilst there and / or in storage and also in transit to other destinations.

Interflow Logistics Ltd can insure your goods for you but this is on a request basis.
